

**MEDICA** Superspecialty Hospital  
*caring for life*

Complete care for Ear, Nose, Throat

## About us

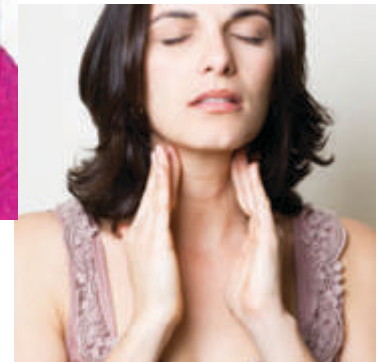

The 500-bed Medica Superspecialty Hospital, one of the largest in eastern India, is also Kolkata's first green hospital, having applied for LEED (Leadership in Energy and Environmental Design) Certification developed by the US Green Building Council. The Hospital is developed by Medica Synergie Pvt Ltd, a body of healthcare professionals providing integrated healthcare solutions along various verticals - hospital architectural planning and building, managing hospitals, public health, quality accreditations and retail pharmacy.

ENT problems can cause irritating symptoms that range from a runny nose, sneezing, fever, sore throat and coughs to severe complications such as hearing loss, and meningitis. Some of the common ENT problems are throat infection, laryngitis, sinusitis, hearing impairment, nasal bleeding, vertigo, change of voice and ringing noise in the ears. ENT physicians are doctors who specialise in medical and surgical management and treatment of patients with problems of the ear, nose, throat, and related structures of the head and neck.

Medica ENT Institute, the first of its kind in eastern India offers comprehensive treatment and care for all kinds of ENT ailments. Specialists at the institute provide medicinal as well as surgical solutions to problems ranging from hearing loss and sleeping disorders to sinusitis, vertigo and voice impairments.

### Some common ENT problems

- ▶ **Throat problems** like Pharyngitis, flu, streptococcal sore throat
- ▶ **Ear problems** like infections, ear wax, tinnitus, inner ear disease causing vertigo
